(7) invalidated if the party does not object to the proposed invalidation.

(b) For a recommendation made for a points accumulation hearing held under [140 IAC 1-4.5-4](#), the hearing officer may do the following:

(1) Consider all convictions or judgments listed on the party's motor vehicle record that led to the points accumulation.

(2) Consider the number of miles the party drove during the period in which the excessive points were accumulated.

(3) Consider any other factors that:

(A) might have affected the party's points accumulation; or

(B) might affect the party's future driving habits.

(4) Recommend one (1) or more of the following:

(A) Suspend a party's driving privileges for up to one (1) year or place them on probation for up to one (1) year, or both, provided, however, that a combined period of suspension and probation does not exceed one (1) year.

Sec. 11. (a) The hearing officer's report, including the hearing officer's findings of fact and determination, ~~recommended order shall constitute the~~ **become a final order of determination of the administrative cause. if the bureau does not receive a written objection to the recommended order within fifteen (15) days of the service of the order, or within eighteen (18) days if the bureau serves the order through the United States mail.**

~~(b) A suspension, where so ordered by the hearing officer's final order of determination, shall be issued as a regulation of the respondent's driving habits and shall be issued for a definite period, which period shall begin as follows:~~

(1) In those cases where the respondent has surrendered his or her current motor vehicle operator's license to the court at the time of his or her conviction of a violation of any motor vehicle traffic law, and where such convicting court has forwarded such license to the bureau of motor vehicles, such period of suspension shall begin as of the date such license was first surrendered to such court following conviction.

(2) In those cases where the respondent has voluntarily surrendered his or her motor vehicle operator's license to the hearing officer following such hearing officer's findings of fact and determination of a period of suspension made known to the respondent at the conclusion of such administrative hearing, such suspension shall begin as of the date such license was first surrendered to the hearing officer.

(3) In those cases where the respondent has not surrendered his or her motor vehicle operator's license to either the convicting court following conviction of a traffic offense, or to the hearing officer following a finding of facts and determination of suspension, such period of suspension shall begin on the date indicated in the court order, hearing officer's finding of fact and determination, or final order issued by the commissioner.

(4) In those cases where the respondent is required by the Indiana motor vehicles safety responsibility and driver improvement act to file proof of financial responsibility, the period of suspension shall be deemed to be extended to cover any period during which such proof:

(A) shall not be filed as required by law; or

(B) lapsed or otherwise failed to provide the ability to respond in damages as required by law.

(5) In those cases where the respondent obtains any stay order, restraining order, or temporary injunction against the commissioner to prevent or to avoid the effect of a suspension of the respondent's motor vehicle operator's license, such stay order, restraining order, or temporary injunction shall have the effect of tolling the period of suspension until such stay order, restraining order, or temporary injunction is lifted or removed or until the issuing court enters a final order following a full judicial review reversing or modifying the final order of determination previously issued by the commissioner.

(c) A suspension, where so ordered by the commissioner's final order of determination for an indefinite period of time shall be terminated, and the respondent's current motor vehicle operator's license reinstated, upon the fulfillment of the requirements set forth in such order. Such a determination by the hearing officer and such a final order of determination shall be applicable only to a findings of fact that indicates the respondent is:

(1) a person who appears to be afflicted with, or suffering from, such physical or mental infirmity, disability, or disease that serves to prevent such person from exercising reasonable and ordinary control over a motor vehicle while operating such vehicle over the public streets and highways; or

(2) because of a repetitive and continuing record of motor vehicle accidents and/or traffic violation convictions, a person whose continued operating of a motor vehicle on the public streets and highways would be inimical to the public safety or welfare.

(d) Where a final order of determination has been issued by the commissioner in the nature of an indefinite period of suspension, the termination of which is conditioned upon the fulfillment of certain requirements, such requirements shall be specifically stated on the face of the order, and may include, but need not necessarily be limited to, the following:

(1) The respondent's taking and passing a written driving examination.

(2) The respondent's taking and passing an actual driving ability test.

(3) The respondent's taking, passing, and producing a report of medical examination or judicial determination sufficient to assure the commissioner of the bureau of motor vehicles that he or she is possessed of the requisite physical and/or mental faculties to operate a motor vehicle over the public streets and highways safely and sanely.

(e) In those cases where an indefinite period of suspension has been ordered under subsections (c) and (d), and where such respondent shall have been only partially successful in fulfilling the requirements set forth in such indefinite order of suspension, the hearing officer may, after due notice and hearing as prescribed in this rule, issue an order that the respondent be permitted to drive a motor vehicle but only under restrictions suitable to the respondent's driving ability with respect to the type of or special mechanical control devices required on a motor vehicle that the respondent may operate, or the commissioner may order that the respondent operate a motor vehicle under such other restrictions as the commissioner may to be appropriate to assure the safe operation of such motor vehicle by the respondent on the public streets and highways.

(f) Upon the issuance of the final order as contemplated under subsection (e), a motor vehicle operator's license shall be issued to the respondent, which shall contain the specific restrictions of the respondent's operating privileges set out on the face thereof.

(b) If a hearing officer makes findings of fact and a recommended order to suspend a party's driver's license or permit, such suspension period shall begin on the date the hearing officer determines.

(c) Upon receiving a timely objection to a recommended order, the commissioner or his or her designee shall affirm, modify, or replace the recommended order in a subsequent final order, or may remand the matter back to the hearing officer under [IC 4-21.5-3-29](#). The suspension of driving privileges shall remain in effect pending the commissioner or his or her designee's final order of any appeal brought under this section.

(d) The time for filing for judicial review of any final order shall be in accordance with [IC 4-21.5-3](#).

(e) A final order that suspends a party's driver's license or permit for an indefinite period shall be terminated, and the party's current driver's license or permit reinstated, upon the fulfillment of the requirements set forth in such order. If the party has been only partially successful in fulfilling the requirements set forth in such order, the hearing officer may, after due notice and conducting a hearing as prescribed in this rule, issue a recommended order that the party be permitted to drive a motor vehicle under restrictions suitable to the party's driving ability and in accordance with the party's motor vehicle record. The party must then obtain a restricted driver's license or permit, which reflects the final order's restrictions.

SECTION 21. [140 IAC 1-8-0.5](#) IS ADDED TO READ AS FOLLOWS:

[140 IAC 1-8-0.5](#) Purpose and definitions

Sec. 0.5. (a) The purpose of this rule is to establish standards and specifications for certification, installation, use, repair, and removal of ignition interlock breath alcohol devices.

(b) The following definitions shall apply throughout this rule:

(1) "Alcohol" means the generic class of organic compounds known as alcohols and specifically the chemical compound ethyl alcohol. For the purpose of ignition interlock devices, there is no requirement expressed or implied that the device be specifically for ethyl alcohol.

(2) "Authorized service provider" or "ASP" means the person or company meeting all qualifications outlined throughout this rule and approved and trained by the manufacturer to service, install, monitor, calibrate, and provide information on manufacturer's devices used in Indiana.

(3) "Bogus sample" means any air sample that is altered, diluted, stored, or is filtered human breath, or which is obtained from a device such as, but not limited to, an air compressor, hot air dryer, balloon, or manual air pump, and is provided by an individual attempting to start or continue to operate a vehicle equipped with an IID.

(4) "Breath or blood alcohol concentration" or "BAC" means the amount of alcohol in a person's breath sample submitted to an IID, which shall be measured by grams of alcohol per:

(A) one hundred (100) milliliters of blood; or

(B) two hundred ten (210) liters of breath.

(5) "Circumvention" means the attempted or successful bypass of the proper functioning of an IID, including, but not limited to, the operation of a vehicle without a properly functioning IID, the push start of a vehicle equipped with an IID, disconnection or alteration of the IID, the introduction of a bogus sample other than a deep-lung sample from the driver of the vehicle, introduction of an intentionally contaminated or altered breath sample, continued operation of the interlock vehicle after the IID detects a fail level of breath alcohol.

(6) "Fail level" means a BAC that meets or exceeds .02 or a lower level set by the originating court.

(7) "Ignition interlock device" or "IID" has the meaning set forth in [IC 9-13-2-76](#).

(8) "Lessee" means a person who has entered into an agreement with a manufacturer or ASP to lease an IID.

(9) "Manufacturer" means the person, company, or corporation producing IIDs, and certifies service providers who are qualified to service, install, monitor, calibrate, and provide information on IIDs.

(10) "Originating court" means the Indiana court that issued the order that requires an individual to operate only vehicles equipped with IIDs.

(11) "Restricted operator" means a person whose driving privileges are restricted to operating only motor vehicles equipped with an approved, functioning IID.

(12) "Tampering" means any act or attempt to disable or circumvent the legal operation of an IID.

(13) "Violation reset" means the condition caused by the failure of the operator of a vehicle to perform a test or retest as required, or by the operator's inability to achieve such test or retest results at the lower of the maximum allowable alcohol concentration as set by the originating court or .02 BAC, the IID and the vehicle in which it is installed must be returned to the IID manufacturer or ASP to be reset.

[140 IAC 1-8-1](#) Minimum standards, specifications and features

Authority: [IC 9-14-2-2](#)

Affected: [IC 9-30-5-8](#); [IC 9-30-8](#)

Sec. 1. Each court in Indiana that has authority to order the installation of ignition interlock devices IIDs shall order the installation of devices IIDs that **must** meet the following minimum standards and specifications **for the following**:

(1) Each device must be accurate.

(2) Each device must not impede the safe operation of a vehicle.

(3) Each device must provide a minimum opportunity to be bypassed.

~~(4) Each device must show evidence of tampering if tampering is attempted.~~

~~(5) Each device must have a label affixed by the manufacturer warning that a person tampering with or misusing the device is subject to civil and/or criminal penalty.~~

(1) Features, as follows:

(A) The IID shall automatically render the vehicle inoperable if the result of the breath sample given to start the vehicle is at the fail level.

(B) The IID shall be designed to permit a restart within two (2) minutes of a vehicle's stalling or when the vehicle's ignition has been turned off.

(C) The IID shall automatically and completely purge residual alcohol before allowing subsequent tests.

(D) The IID shall be installed in such a manner that it will not interfere with the normal operation of the vehicle after it has been started.

(E) Each IID shall be provided with an ample supply of disposable mouth pieces designed to minimize the introduction of saliva into the IID.

(F) Each IID shall be uniquely serial numbered.

(G) Along with any other information required by the BMV or an originating court, all reports to an originating court concerning a particular IID shall include the name, address, and driver's license number of the lessee, the IID's unique serial number, and the name, address, telephone number (toll free), and contact person of the manufacturer or the ASP that is furnishing the report.

(H) Each IID shall record each time the vehicle is started, the results of the tests, how long the vehicle was operated, and any indication of bypassing or tampering with the device. Such information shall be included in reports to the originating court.

(I) Each IID shall require the operator of the vehicle to submit to a retest within ten (10) minutes of starting the vehicle. Retesting shall continue at intervals not to exceed sixty (60) minutes after the first retest.

(J) If a retest is not performed when called for by the IID, or if a breath sample is submitted that is at the fail level, the IID shall automatically enter a violation reset condition. An IID that enters a violation reset condition, and the vehicle in which it is installed, must be returned to the manufacturer or the ASP to be serviced within five (5) days or the vehicle must be rendered inoperable. The manufacturer or the ASP shall notify the originating court of such violation reset conditions in a format acceptable to the originating court within five (5) days of servicing the IID.

(2) IID security. The IID manufacturer and its ASP or ASPs shall take all reasonable steps necessary to prevent tampering or physical circumvention of the IID. These steps shall include the following:

(A) Special locks, seals, and installation procedures that prevent, and records evidence of, tampering or circumvention attempts, or both.

(B) The ASP will affix to the device a label containing the following notation: "Warning - This device has been installed under the laws of the State of Indiana. Attempts to disconnect, tamper with, or circumvent this device may subject you to civil and/or criminal penalties. For more information, call (insert manufacturer's or ASP's toll free number).".

(C) No owner or employee of a manufacturer or ASP may authorize or assist with the disconnection of an IID, or enable the use of any emergency bypass mechanism or any other bypass procedure that allows a person restricted to use the vehicle equipped with a functioning IID, to start or operate a vehicle without providing all required breath samples.

Sec. 3. (a) Each lessee shall have the IID examined by the manufacturer or by an ASP for correct calibration and evidence of tampering at intervals not to exceed sixty-five (65) days, or more often as may be ordered by the originating court.

(b) The IID must be calibrated for accuracy according to the manufacturer's procedures. All data contained in the device's memory must be downloaded and the manufacturer or the ASP, or both, shall make a hard copy or electronic equivalent of the client data and the results of each examination. Any evidence of noncompliance, violations, or signs of tampering or circumvention shall be reported as requested by and in a format acceptable to the originating court. All information obtained from each inspection shall be retained by the manufacturer or ASP for two (2) years from the date the IID is removed from the vehicle.

(c) Each IID must be capable of being preset, by the manufacturer or by an ASP, at any fail level from .02 through .08 BAC (plus or minus .005 BAC). The actual setting of each IID, unless otherwise mandated by the originating court, shall be .02 BAC. The capability to change this setting shall be made secure by the manufacturer or by an ASP.

(d) Each IID must meet or exceed the minimum test standards in sections one and two of the model specifications for breath alcohol ignition interlock devices (BAIID) as published in the Federal Register, Volume 57, Number 67, Tuesday, April 7, 1992, on pages 11774 – 11787*, or as rules are adopted.

- (E) The type and amount of the lien on the vehicle.
- (F) The lien holder's name.
- (G) The lien holder's address.

(2) The person from whom the vehicle was repossessed must be the vehicle's last registered owner; and

(3) If the lien holder possesses the title, then the title must indicate the lien or the lien holder must provide a certified copy of the loan or financing statement.

(4) If the lien holder does not have the title because the owner of the motor vehicle did not apply for a certificate of title, then the lien holder must provide the assigned title or certificate of origin with the lien indicated on the document; or

(5) If the vehicle owner does not provide the assigned title or certificate of origin to the lien holder, then the lien holder must present an affidavit providing the person or dealer's name and address who sold the vehicle to the owner and the name of the person to whom the person or dealer sold the vehicle.

(b) If the original lien holder assigned the lien to a financial institution that repossessed the vehicle, then the financial institution must obtain an affidavit from the original lien holder indicating the assignment of the lien or present the properly executed Indiana title with its front indicating the assignment of the lien holder's interest.

(c) A person who has a security interest in a repossessed manufactured home may obtain a certificate of title by:

- (1) submitting the person's application for title by using the bureau's designated form; and
- (2) providing properly executed judicial foreclosure papers.

(d) If the original owner obtains possession of the vehicle after it was repossessed, the owner must pay sales tax on the balance of the existing lien.

(e) The lien holder cannot sell a repossessed vehicle until after properly obtaining a certificate of title in the lien holder's name.

Sec. 21. The bureau may issue a stop title order in the following circumstances:

(1) If during the process of a person applying for a title to a vehicle, the bureau determines that another title exists for that vehicle due to a duplicate certificate of origin, a duplicate title, or a duplicate VIN. The bureau will remove the stop title order upon the applicant satisfying the requirements of [IC 9-17-2-10](#), or an order entered after an administrative hearing, including any subsequent court order entered due to an appeal of the administrative hearing result.

(2) If a law enforcement agency's authorized representative submits a written request to the bureau to issue a stop title order for a vehicle. The written request must identify the law enforcement agency, the authorized representative's name and position within the agency, a brief explanation for why the agency is requesting the stop title order, and the length of time that the agency is requesting the stop title order be effective. The bureau will remove the stop title order pursuant to the law enforcement agency's request, an order entered after an administrative hearing, including any subsequent court order entered due to an appeal of the administrative hearing result, or by the commissioner or his or her designee.

(3) If the bureau cannot verify the accuracy of the title applicant's information. The bureau will remove the stop title order if the applicant provides proof of the accuracy *[sic, of]* the information sufficient to resolve the discrepancy or discrepancies. Alternatively, if the applicant sells the vehicle, then the subsequent applicant must meet the requirements found in section 2 of this rule.

(4) If during the title application process, the bureau discovers an error in the information necessary to ensure a valid title. The bureau will remove the stop title when the error is corrected.

(5) A person entitled to receive title information about a vehicle may submit an application to the bureau requesting a title inquiry report, which provides information about the last person recorded for a title, or a title history report, which provides the complete title history for a vehicle.

Sec. 2. (a) An applicant for a new or renewed driver's license, permit, endorsement, or identification

card must provide verifiable valid documentation to the bureau for identification purposes. An applicant's documentation information and Social Security number (SSN) presented to the bureau must match, based on the Social Security Administration's (SSA) criteria, the information that the SSA has in its records for the SSN. An applicant who is not a United States citizen must present sufficient evidence of continued lawful status in the United States. The presented information must match the information that the United States Citizenship and Immigration Services (USCIS) or the United States Department of Homeland Security (DHS), or both, have in their records for the person. The bureau will verify that the applicant's information matches the information that the SSA, USCIS, or the DHS, or all, have in their records.

(b) To receive an initial Indiana driver's license, permit, endorsement, or identification card, an applicant must present two (2) primary identity documents, or one (1) primary identity document and one (1) secondary identity document, which the applicant may select from the lists in section 3 below; one (1) document showing proof of lawful status in the United States; two (2) approved documents showing proof of Indiana residency; and one (1) SSN document or the SSA document establishing that the person does not qualify for an SSN. Depending on the type of document presented, one (1) document might satisfy more than one (1) of the above requirements.

(c) To receive a duplicate Indiana driver's license, learner's permit, or identification card, an applicant must present two (2) primary identity documents, or one (1) primary identity document and one (1) secondary identity document.

(d) To receive an amended Indiana driver's license, permit, or identification card, an applicant must provide the existing license, permit, or identification card, proof of lawful status in the United States, and proper documentation to support the requested changes. If an applicant cannot present the existing driver's license, permit, or identification card, then the applicant must meet the requirements for obtaining an initial license, permit, or identification card.

(e) To renew an Indiana driver's license, learner's permit, or identification card, an applicant must comply with the following requirements:

(1) Each applicant must present and surrender the applicant's existing Indiana driver's license, permit, endorsement, or identification card, must present a valid and accurate SSN document or the applicant's SSA letter establishing that the person does not qualify for an SSN, and, if applicable, must present sufficient evidence of continued lawful status in the United States. If an applicant cannot present the existing driver's license, permit, or identification card, or presents such document that expired more than one (1) year prior to the application date, then the applicant must meet the requirements for obtaining an initial license, permit, or identification card.

(2) An identification card issued before July 1, 2007, is a secondary document for the renewal process.

Sec. 6.5. (a) Every CDL holder must obtain and have in the person's possession a medical examiner's certification that the CDL holder is qualified to operate a CMV either interstate or intrastate.

(b) The medical examination shall be performed by a licensed medical examiner pursuant to 49 CFR 391, Subpart E*.

(c) For intrastate operation, the medical examiner may recommend the issuance of an intrastate CDL subject to the following restrictions:

(1) Diabetes: for persons with diabetes mellitus requiring insulin treatment, the medical examiner may recommend restrictions consistent with the requirements of [IC 8-2.1-24-18](#). The Medical Examination Report must indicate that the applicant's diabetic condition is controlled such that the applicant is not likely to lose consciousness or any loss of ability to properly control a CMV.

(2) Neurological conditions: for persons with medical history or clinical diagnosis of epilepsy, seizure disorder, or other neurological condition, the medical examiner shall state his or her opinion whether such conditions disqualify a driver from unrestricted interstate operation pursuant to 49 CFR 391.43*. If they do, the medical examiner may consider whether under specific restrictions the driver may be qualified for intrastate operation of a CMV. The medical examiner may find the driver qualified for intrastate operation subject to medical restrictions only if the examiner recommends that under the specified restrictions the condition is not likely to cause loss of consciousness or any loss of ability to control a commercial motor vehicle. In addition, the driver must be seizure/epilepsy free for at least one (1) year from the last occurrence before intrastate certification is considered. In that event, the medical examiner shall specify such medical restrictions on the physical examination form accompanying the intrastate certification, or on an attached separate sheet of paper. If the driver is disqualified from interstate operation and the medical examiner does not recommend specific restrictions that may permit qualification for intrastate operation, the examination report will be construed as a recommendation that the driver is not qualified to operate CMVs.

(3) Notwithstanding the provisions set forth in subdivision (1) or (2), the medical examiner shall not certify a driver who fails to meet any of the other standards set forth in 49 CFR 391.43*, except that a physician may certify and recommend that the bureau qualify such a person for intrastate operation under specific medical restrictions or instructions.

(d) The expiration date for the Medical Examination Report and the Medical Examiner's Certificate

must be not more than twenty-four (24) months from the date of the report and certification in the case an applicant who is medically qualified for an interstate CDL, and not more than twelve (12) months from the date of the report and certification in the case of an applicant who is medically qualified for an intrastate CDL. The expiration date may be an earlier date than the expiration of the twelve (12) or twenty-four (24) month periods if, in the medical examiner's opinion, the interests of public highway safety or the health of the driver requires an earlier follow-up examination.

(e) The driver shall submit a copy of the Medical Examination Report and Medical Examiner's Certificate to the bureau and upon its expiration shall submit a new Medical Examination Report and Medical Examiner's Certificate. The bureau shall disqualify a driver who does not maintain on file a current valid Medical Examination Report and Medical Examiner's Certificate, except that the bureau may, in its discretion, allow one (1) period of not more than thirty (30) days after a valid Medical Examination Report and Medical Examiner's Certificate has expired before issuing such disqualification.

(f) A person who does not meet the requirements of 49 CFR 391* or of this section shall be disqualified from operating a CMV. In determining whether a person meets those requirements, the bureau may require the person to provide any additional information or documentation that the bureau reasonably deems necessary to make such a determination. In making such determination, the bureau may also request and consider the advisory opinion of the Indiana driver's license medical advisory board, the Federal Motor Carrier Safety Administration's regulations, instructions to medical examiners, conference reports on commercial driving and medical conditions, and any other relevant medical reference sources and advice.

(g) The bureau shall not issue a passenger endorsement, a school bus endorsement, or a hazardous materials endorsement to a person with an intrastate restricted CDL.
